UGSs for Graduate Assistants:
A student who has a 50% FTE graduate assistantship (or a fellow/traineeship of a comparable level) may receive a 100% UGS for full-time study during the quarters of support. A student who has less than a 50% graduate assistantship (fellow/traineeship) may receive a UGS that is proportional to the stipend award. Approval must be obtained from the A&S Associate Dean before awarding a UGS that is proportionally larger than the stipend support of the student. Approval must be obtained from the A&S Associate Dean before awarding a UGS to any student who is not a graduate assistant/fellow/trainee. A student may receive a 25% UGS for graduate study in a 4+1 program (4 yr bachelors + 1 yr masters) after the BA/BS is officially conferred and admission completed. A minimum registration of 12 graduate credits is required of students receiving a GA allocation-funded graduate assistantship (UDean or department-funded GA). A minimum registration of 10 graduate credits is required of students receiving most other types of assistantships and/or a University Graduate Scholarship.

The GAOOSC:
The non-resident surcharge is to be charged to the Graduate Assistant Out-of-State Credit award (GA00SC) for qualifying Graduate Assistants/Fellows/Trainees. Qualifying graduate assistants must have a 50% FTE and a minimum of $585/biweekly (salaried, not hourly) pay for teaching, research or administrative work. Graduate fellows and trainees must receive comparable financial support to a 50% FTE graduate assistantship through UniverSIS. For qualifying GAs/fellows/trainees, two scholarship awards would be processed to cover the tuition and fees:
1) a UGS award for the instructional, General and Campus Life fees (charges to the college UGS allocation)
2) a GAOOSC award for the non-resident surcharge (charges to a central pool of funds)

UGSs for Part-Time Registrations:
A UGS for part-time registration must be approved by the A&S Associate Dean prior to the award. If a student is a GA or fellow a UGS maybe available for part-time registration.

*The graduate metropolitan rate is for students residing in many Kentucky counties. Reciprocity is available students residing in many Indiana counties. For more information and how to apply for the Graduate Metropolitan Rate or reciprocity, see the Graduate School website: [http://financialaid.uc.edu/fees/residency.html](http://financialaid.uc.edu/fees/residency.html)*

**Pre-approval is required from the A&S Associate Dean prior to the awarding of a UGS for part-time registration.**
