Biology meets Engineering (BmE) Program

BmE is a program to grow interest in biology and engineering. Students will get to take part in fun biology activities to learn how animals move through the world using their senses. They will then use engineering to build and program robots.

Who?
BmE is for rising high school juniors and seniors. People from underrepresented groups in STEM are encouraged to apply.

Program activities?
- 3-week summer program
- No fee to participate
- Cincinnati metro transportation or parking and lunch provided
- College course for students
- College and career readiness workshops for students
- Competitive paid summer internship opportunities

When?
Summer program - June 1 - 19, 2020
Monday through Friday 9 AM to 3 PM at the University of Cincinnati Uptown West Campus

How to Apply?
https://www.artsci.uc.edu/departments/biology/special-programs.html

Application review will begin March 16, 2020 and continue until the program is filled.
