

## Raymond H. Rolwing Mathematics Scholarship Fund

Ray Rolwing is an Emeritus Professor of our Department. Ray started working at UC in the Mathematical Sciences Department in 1960 and obtained his PhD from our Department in 1963. He retired in 2002 after more than 40 years of service to the Department and UC. Ray's areas of focus included ordinary differential equations, existence and uniqueness theorems, quadratic nonlinear integral equations, calculus of variations, isoperimetric problems, econometrics, learning theories in mathematics, and history of mathematics.

Outside of mathematics, Ray has long been an avid and accomplished ballroom dancer.
