Social Justice

As a **Social Justice** major, you will critically examine diverse domestic and international systems of domination, oppression and inequalities and how they relate and intersect with each other, through a wide range of perspectives. You will also learn about past emancipatory movements that have struggled for change, in order to understand the structure of oppression, and to imagine a more just world. This interdisciplinary major explores the subject through disciplines such as History, African-American Studies, Anthropology, Political Science, International Relations, Women's Studies, and more.
