# Sociology

**Sociology** is the scientific study of society and the various groups that make up a society. Sociology majors develop strong research and analytical skills while exploring the social causes and consequences of human behavior. They study the structure of societies and groups and explain how social change occurs within them. Sociologists both develop theories about social behavior and apply these theories to solve social problems and form social policy.

## Timothy Berry

**Major:** Sociology

**Minor:** Africana Studies

**Involvement:** President of Gentlemen's Quarterly, Resident Advisor (RA), Ambassador for Generation One Program, Student Researcher for the McNair Scholars Program, Upward Bound Program Tutor

*"My UC experience has been incredible! Throughout my time here I was able to have many opportunities such as studying abroad to teach English and Social Studies, interning with Public Allies, tutoring high school students in the Upward Bound Program, and becoming a student researcher. Those experiences have exposed me to organizations and causes that I personally identify with and helped me to find my future career in education and working with students."*

**Future:** Plan to enroll in the Teach for America program to follow my passion for teaching and educating students then going to grad school to obtain a Ph.D.
